

CHARACTER EDUCATION: THE BEHAVIORS, PERFORMANCE, AND ATTITUDES ADMIRATION AND DISCOURSE BETWEEN STUDENTS AND SCHOOL TEACHERS IN YOGYAKARTA PROVINCE

SLAMET SUYANTO

Biology Education Department, Faculty of Mathematics and Natural Science, Yogyakarta State University slametsuyanto@yahoo.com

When the admired characters of school teachers and students are different, there will be a discourse in character building in schools. Therefore, it is essential to understand what the good and bad characters according to students and what the good and bad characters according to teachers. This research problems are:

1. What are the characters of good and bad teachers according to students?
2. What are characters of good and bad students according to teachers?
3. What are the characters that both students and teachers have in common in relation to their performance, attitudes, and behavior?

PROBLEM

When the admired characters of school teachers and students are different, there will be a discourse in character building in schools. Therefore, it is essential to understand what the good and bad characters according to students and what the good and bad characters according to teachers. This research problems are:

1. What are the characters of good and bad teachers according to students?
2. What are characters of good and bad students according to teachers?
3. What are the characters that both students and teachers have in common in relation to their performance, attitudes, and behavior?

OBJECTIVE

When the characters that are in common between the students and teachers, the school may design and develop character education. Therefore the objectives of this research are:

1. To identify good and bad characters of the teachers from the perspectives of the students.
2. To identify good and bad characters of students from the perspectives of the teachers.
3. To know character that are in common and discourse between students and teachers.

teachers that choose their best and bad students is counted and ranked to list good and bad students. The same way is also applied to list good and bad teachers. Some teachers and students may get +, -, or both + and -. In case they get both + and - the points will be subtracted. For example teacher A are chosen as good teachers by 4 students and also bad teachers by 4 students, then the teacher scores 0.

RESULTS

The results of the research indicates that the good teachers and good students are different on their characters.

Good Teachers

1. Goldenhearted (Baik hati)
