Dear Editor of International Journal of Engineering Technologies and Management Research,

I hereby would like to submit a manuscript to the International Journal of Engineering Technologies and Management Research (IJETMR). The manuscript is entitled: 'Stomata Opening of Corn (Zea Mays L.) Plant Stimulated by Dundubia Manifera Insect Sound'. The manuscript discusses the effect of insect sound towards the opening stomata area of corn plants. We show that the stomata opening area of the corn plant is enlarged if exposed to insect sound in the range frequencies of 3000 Hz to 5000 Hz. To the knowledge of the authors this is the first that reported the effect of insect sound towards the stomata of corn plants.

Hopefully this manuscript may be considered accordingly. We have attached the manuscript. We also have submitted the manuscript via the IJETMR website.

Best regards,

Dear Editor of IJETMR,

Thank you very much for your email. Moreover, we would like to thank the Editor for publishing our manuscript.

However, I have checked in the website that our manuscript is not yet listed in the Volume 6 Issue 5 - May Edition. Can you explain this?

Thank you in advance for your explanation.
