Dear Dr. Endang Rini Sukamti,

We have received the submission of your abstract:

Abstract ID:

ABS-34

Please use this "Abstract ID" in all correspondence (instead of abstract title).

Title:

The Effect of Artistic Gymnastics Talent Scouting Application to Artistic Gymnastic Basic Skills

Authors:

Endang Rini Sukamti

Institutions:

Universitas Negeri Yogyakarta

Content:

The development of gymnastics athletes achievement in Indonesia did not show significant progress. Talent scouting is the important basic in achieving optimal achievement. The aim of this study to determine the effect of Artistic Gymnastics Talent Scouting Application to Artistic Gymnastic Basic Skills. This Study is survey and used descriptive qualitative method. 100 students, whose aged 7-9 years and study in Sleman area, recruited as samples. Data collection techniques used tests and measurements of anthropometry, biomotor, and gymnastic basic skills. Data analysis techniques using early age artistic gymnastic talent scouting software determine the category of talented sample research. The results showed that of the total number of 100 students aged 7-9 years, there are 3 talented students, 46 students are quite talented, 50 less talented students, and 1 student is not talented. The results showed that there is significant effect of Artistic Gymnastics Talent Scouting Application to Artistic Gymnastic Basic Skills ($p = ,034$). the result suggest that talent scouting test very important to find out talented athletes.

Keywords:

Artistic Gymnastics Talent Scouting Application, basic skills

Topic:

Sports Coaching

Presenter:

Endang Rini Sukamti

Type:

Oral Presentation
