Dear Dr Suyanta,

I have received your manuscript. The paper will be sent to review soon.  
When I receive the referee's report I will inform you about status of your paper.

Thank you for your interest for our journal.

Best regards

M. Antonijevic

I have checked your revised paper and found that it can be accepted for publication, but you should reduce similarity (see attachment). Please, do it because you and our publisher do not want to have problems about plagiarism. In last time, many persons send requests regarding plagiarism. They find small similarity with other published papers and send request for withdrawing many papers.

I hope you understand me.  
Best regards  
M.Antonijevis
