**Review Comments:** This study aims to formulate competencies in autotronics specifically in the cluster of Vehicle Control System (VCS) needed by the automotive service industry (ASI) and its relevance to those taught at Vocational Schools (VSs). Employing a survey method, this research is a quantitative study involving owners, managers, heads of workshops, and service managers of 10 ASI and educators from VSs offering autotronic expertise competencies. **Analytical study. Paper Accepted for publication in IJMET.**
