has attended a 24-hour of ENGLISH FOR PUBLIC RELATION COURSE at this centre from 3 – 24 October 2016 and attained FAIR results.

At the end of the program she is able to be engaged in simple conversations in the context of Public Relations quite interactively though mistakes in grammar and vocabulary still persist. She is able to respond to utterances quite fluently though sometimes lacking pronunciation accuracy. Despite the facts, she is always enthusiastic and motivated to learn new things.
